INFORMATION ON RIDER GROUPING

Upon registration, riders are placed in groups in relation to the highest level that they have competed at, taking into consideration previous BD competition records or overseas experience. For the purpose of calculating rider groups, only results recorded in the current and ten preceding years will be taken into account.

With the exception of group 1 and 2, a member's rider group does not affect eligibility to compete. For details on rider groups, please see rule 63 in the BD Members' Handbook.

If applicable, please tick if you are one of the following:

I am a; BHSI FBHS

Those with a BHSI or FBHS qualification will be no lower than group 4 upon registration.

Have you ridden at British Eventing competitions? If so, to what level?

Intermediate Advanced

Any rider who has competed at BE Advanced (3* or 4*) horse trials in the current or preceding ten years may not be below a group 4 rider. A rider who has competed at BE Intermediate (or 2*) horse trials in the current or preceding ten years may not be below a group 5 rider.

INFORMATION ON HORSE POINTS

Points are allocated to each registered horse by reference to each level of competition from Prelim to Grand Prix and not as an overall total. The number of grading points accumulated at each competition level will determine the horse's eligibility for future competitions, in accordance with section 1 of the BD Members' Handbook. The competition records of all registered horses are maintained on a central database and published on the website.

Imported horses

When an imported horse is registered with BD, it is the owner's responsibility to submit a full competition record for the horse so that BD points can be awarded in accordance with the horse's level of ability. For the purpose of registration, horses foaled in Ireland are classified as British.

An imported horse which has been registered with BE for at least one year and has a competition record will be exempt from importation rules unless it has competed at Intermediate or Advanced level, in this instance, the points as per rule 12 of the BD Members' Handbook will be applied. Newly imported horses without a competition record will be allocated 15 points at each level according to their age at the time of registration, which can be seen in the table below, unless proof of import at an earlier age can be supplied. It is the owner's responsibility to supply proof of age at import, i.e. official import documents or record of vaccinations administered in the UK.

Age at Import	Age at Import
4 year old	0 points
5 year old	25 points at each level up to and including Novice
6 year old	25 points at each level up to and including Elementary
7 year old	25 points at each level up to and including Medium
8 year old	25 points at each level up to and including Advanced Medium
9 year old	25 points at each level up to and including PSG

If the owner is unable to provide a competition record or evidence of importation, they may choose to have the horse's level of training assessed. This must be done between the time the horse is first registered and the first competition entry. Owners must contact the BD office to make an appointment for their horse to be assessed, cost of assessment is £75. Assessors are not to assess horses that are known to them, e.g. horses the assessor has previously seen in training or within a purchasing/selling context.

FOREIGN RIDERS & PERMISSION TO COMPETE

Under articles 105 and 123 of the FEI rules please note that foreign riders competing in the UK must have permission to compete from their national federation. Permission must state the exact period for which it has been granted and the home national federation of individual foreign competitors shall indicate their level in writing so that they are entered in events of appropriate level.

Membership applications and membership renewals from foreign riders will not be accepted by British Dressage unless accompanied by a copy of the permission to compete.

Foreign riders and those who have spent more than 12 months abroad will be no lower than group 4 upon registration and will be given rider points accordingly unless evidence of a competition record can be provided, in which case BD will adjust the rider group accordingly.
